

How to Clone your Apollo Series

The following document is intended to be a troubleshooting guide to help you to clone one Apollo settings to allow you to setup all of your Apollo's in the same way (this is not applicable to the Apollo 400). Please check all aspects of this before contacting the technical support helpline.

- 1) Please register your Apollo to receive an additional 12 months warranty plus full access to Product Support. You can do this at www.seaward.co.uk/warranty24 or by completing the form in the "Care and Support" card and returning by post.
- 2) Please ensure your Apollo has the latest firmware installed, to do this please see the following link: www.seaward.co.uk/apollo-series-firmware

On the Apollo you wish to clone the data from:

- 1) From the Apollo "Home Screen"  select menu/options, function key "F4" .
- 2) In the menu select "Download" by using the arrow keys or selecting, key number "5" .
- 3) In the "Download from Apollo" field select "Clone Data", using the arrow keys to select from the dropdown menu.
- 4) In the "using:-" field select  "USB-PC cable" or  "Flash Memory Stick" (Apollo 600 only).
- 5) Connect to the PC with USB cable or insert USB memory stick when prompted and press "F4" to save all .
- 6) The Apollo will beep and display "Data has been saved OK" when the clone file has been transferred.
- 7) If you have used the USB – PC lead you will need to save the file to a location on your PC. If you have used a USB memory stick you can then remove it from the tester and the file will be saved.

On the Apollo you wish to clone the data to:

- 1) From the Apollo "Home Screen"  select menu/options, function key "F4" .
- 2) In the menu select "Upload" by using the arrow keys or selecting, key number "7" .
- 3) In the "Upload data into Apollo" field select "Clone data", using the arrow keys to select from the dropdown menu.
- 4) In the "using:-" field select  "USB-PC cable" or  "Flash Memory Stick" (Apollo 600 only).
- 5) Connect to the PC with USB cable or insert USB memory stick when prompted.
- 6) If you have used the USB – PC lead you will need to copy the file you saved to your PC (in the instructions above) to the Apollo drive that will have appeared (you will be asked to save this using "F3"). If you have used a USB memory stick you need to select the clone file from the dropdown on your Apollo.
- 7) Restart your Apollo tester by turning off and on again.
